

## COMMERCIAL.

HONOLULU, APRIL 10, 1888.

Sugars from domestic ports, during the week, sum up 41,361 bags. The shipments to San Francisco, for the week, not including the Australia's cargo, aggregate, in value, about \$384,000.

SAN FRANCISCO, March 27, 1888.

DEAR SIR:—Our last circular was dated Feb. 28th, per Australia.

SUGAR.—On the 8th inst. the California refinery reduced prices of all grades of refined sugar, per pound and the American refinery most this reduction the same day.

This made the prices of both series as follows: Cuba 6 1/2c; Granulated 6 1/2c; Extra 5 1/2c; Golden 5 1/2c; other grades the usual difference. Since the 8th inst. prices of refined in this market have remained unchanged. There have been the following changes in the cube basis: Feb. 29th 5-16c; March 3d 5 1/2c; 10th 5-16c; and 22d 5 1/2c, all for 86 tons.

EASTERN AND FOREIGN MARKETS.—There is no material change to note in the general condition of the sugar markets of the world for the past month. The London and continental markets have ruled steady, the tendency for cane being a little easier and the price of beets continuing about the same, with slight fluctuations. Cuba and other West India markets have not yet been disposed to make lower quotations for the purpose of effecting sales. To show the slight fluctuations in beets we give London quotations during the month as follows: March 1st, 14s 4 1/2d; 2d, 14s 7 1/2d; 3d, 14s 6 1/2d; 4th, 14s 4 1/2d; 5th, 14s 6 1/2d; 6th, 14s 4 1/2d; 7th, 14s 6 1/2d; 8th, 14s 4 1/2d; 9th, 14s 6 1/2d; 10th, 14s 4 1/2d; 11th, 14s 6 1/2d; 12th, 14s 4 1/2d; 13th, 14s 6 1/2d; 14th, 14s 4 1/2d; 15th, 14s 6 1/2d; 16th, 14s 4 1/2d; 17th, 14s 6 1/2d; 18th, 14s 4 1/2d; 19th, 14s 6 1/2d; 20th, 14s 4 1/2d; 21st, 14s 6 1/2d; 22d, 14s 4 1/2d; 23d, 14s 6 1/2d; 24th, 14s 4 1/2d; 25th, 14s 6 1/2d; 26th, 14s 4 1/2d; 27th, 14s 6 1/2d; 28th, 14s 4 1/2d; 29th, 14s 6 1/2d; 30th, 14s 4 1/2d; since the 24th there has been no change reported here.

Stocks of four ports U. S. March 17th was 5,500 tons over the previous week, or 224,042 tons against 196,586 tons same time last year. Receipts 20,000 tons; deliveries 14,000 tons. The New York market has ruled dull. Shortly after the beginning of the month the position for raws seemed stronger and a good demand prevailed, but this did not continue long. In general, transactions have been small and limited, the wide difference between buyers and sellers rendering it almost useless to undertake negotiations. Buyers claim they have sufficient stock for current wants, while sellers seem unwilling to make concessions, and have maintained their position firmly. All branches of business in New York and other large eastern cities have been practically suspended for three days during this month owing to the greatest storm ever experienced in the East. The effects of the blizzard lasted several days. Refineries were prevented from making deliveries in any direction and their output accumulated to such an extent that it was necessary to stop melting. Under these circumstances and other influences, refiners have not felt disposed to increase their stocks. Prices of refined in New York continue without change on the basis of 6 1/2c, for granulated. This has now been the price for nearly two months.

Latest telegraphic advices from New York of yesterday state that the situation remains unchanged, prices nominal. London quotations for beets remain unchanged.

RICE.—We quote price at 5 1/2c with upward tendency, and we to-day quote coal freights from British Columbia and Puget Sound 2 1/2c and 2 7/8c respectively.

LUMBER.—Puget Sound to Hobson Bay, 50c; to Melbourne Wharf, 55c; to Sydney, 40c; to Valparaiso, f. o. b., 41s 3d.

We have in port, loading, 47,000 tons and only 25,000 discharged, a reduction in free tonnage since our last of 19,000 tons.

EXCHANGE.—London, 60 days, \$4 86 1/2; New York, sight, 15c.

Vessels loading at San Francisco, March 28, bktns Discovery, to sail March 29, for Honolulu; bark W. B. Godfrey, for Honolulu; schooner E. H. F. Godfrey, for Honolulu; brig W. G. Irwin, for Honolulu.

Yours faithfully,  
WILLIAMS, DIMOND & CO.

**The Great Organ.**

The Kaumakapili organ was duly opened on Saturday evening by the organist, Mr. Wray Taylor, with the programme announced in our Friday's issue. The audience both inside the church and outside on the grounds and in the street were highly delighted with the tone and style of the new instrument. All the numbers were ably played by Mr. Taylor, while the organ responded beautifully to every note. The carillons and fantasias in music which were present, were unanimous in expression of admiration of the fine qualities of the instrument. After the concert was over, the organist introduced several
